

# County Okays Health Unit Budget

Randall County's contribution to the Bi-County, Bi-City health unit will be \$3,066 for the coming year, according to action taken by the commissioners court Monday afternoon when the new budget of the unit was approved.

The request was presented to the court by Dr. Albert Randall, director of the unit. Also attending the meeting were Raymond Wright, Randall County's member of the health unit board, and Dr. R. A. Neblett.

Dr. Randall said the total budget of \$188,850 was broken into four contributions based on services rendered and population. The share for Randall County is \$1,022 per person outside incorporated city limits.

The budget has already been approved by Potter County and the City of Amarillo. The only governmental unit yet to be approached by Dr. Randall is the

City of Canyon.

Contributions from the four governments shown in the budget are \$162,630 from Amarillo, \$7,141 from Potter County, \$5,049 from Canyon and \$3,066 from Randall County. Expenditures per person are \$1.251 for Amarillo, \$1.082 from Potter County, \$1.022 from Randall County and 93.5 cents from Canyon.

The difference in the amounts per person is based on the services rendered each governmental unit, Dr. Randall said. For instance, the City of Amarillo has medical service to city employees and jail, meat inspection, vital statistics and fly and mosquito control in addition to the services the other units get.

Potter County has all those services except for employees and jail. Randall County is included in the fly and mosquito control program.

Dr. Randall presented a list of

services rendered Randall County exclusive of areas inside city limits during the past year. They included:

Forty-seven inspections of farms, private homes or public property concerning water supplies from wells, lakes, streams and ponds.

Fourteen farms visited to aid in planning an effective and safe method of sewage disposal. Upon request 74 water samples were taken for laboratory tests.

Nine homes with communicable diseases were visited in an effort to determine the source of the disease and to prevent its spread.

Twenty-three semi-monthly trips to Palo Duro Park during the warmer months to consult with the concessionaire regarding food sanitation. The drinking water supplies from all sources were checked and all pit privies inspected.

Nineteen trips to Buffalo Lake

to consult with concessionaires concerning food inspection and handling of processed foods. Water samples are obtained and analyzed in the laboratory. Dissolved oxygen tests are made on the lake water. Inspection is made of grounds surrounding the lake for nuisances, fly and mosquito breeding.

Nineteen trips to Umbarger and inspections made of all groceries, markets and food places, as well as public and private premises. Water is also tested.

Twelve trips to Ceta Canyon and the Boy Scout Camp from May through August (camping season) for inspection of grounds, buildings, drinking water supplies, waste disposal methods and nuisance control. Prior to each encampment, or at least every two weeks, the grounds are sprayed with an effective insecticide to kill flies,

mosquitoes, roaches and other insects. Swimming pools are checked and food and water analyzed in the laboratory.

Sixteen inspections of the nine places that serve or process foods were made. Consultations were carried out with poultry processors.

Dr. Randall told the commissioners court that in addition to the \$188,850 in the local budget, \$13,050 of state funds have been obtained for the unit. The funds will be used for the entire unit, he said.

The commissioners court asked Dr. Randall to check if any federal health or fish and game funds could be obtained for health purposes at Buffalo Lake.

When the health unit was set up two years ago, Randall County participated in the cost in the amount of \$1,500. The figure was picked because it was not known at that time how much the unit would cost.

## Christmas Season Starter

Just in time to kick off the Christmas season in Canyon, a light snow began Thanksgiving night and left outdoor evergreens with tufted tips. The snow put a cover of a little over an inch on flat ground, but held little moisture.

## Expressway Construction

Workmen began pouring concrete on the steel framework of one of the overpasses on the expressway early this week. The far span will be over a service road while the near span will be over the southbound lane. At the same time, trucks were dumping caliche for the base of the pavement on the two lanes.

## Brazilian Jurist To Study Juvenile Techniques in Visit to Canyon Area

One of Brazil's leading jurists, who is juvenile court judge for the state of Rio Grande do Sul, will visit the Canyon and Amarillo areas Sunday. He will spend four days here "getting an overall view of the educational, social and cultural life" of the community.

Dr. Cesar Dias Filho of Porto Alegre has been touring the United States since Nov. 8, participating in the Foreign Leaders Program of the International Educational Exchange Service of the Department of State.

His visit to the Texas Panhandle is sponsored by Dr. Ples Harper, head of the modern languages department at West Texas State. Dr. Harper has arranged an itin-

erary for Dr. Filho and his interpreter, Joseph Orozco.

The tour has been arranged by the Committee on Leaders and Specialists of the American Council on Education, and Dr. Filho has already visited in New England, the Midwest, and the West Coast, and will come to Canyon from Denver.

The visitor will be shown the area's ranching and oil industries on drives Sunday, and he will spend the day Monday at Boy's Ranch. He will visit Tuesday with Judge Jerry Kolander and the staff of the Domestic Relations Court for Potter County. During his final day's visit, he will attend two classes at WT on counseling

and psychology.

Dr. Harper said that Dr. Filho is particularly interested in observing the organization and functioning of the system of preventing and combating juvenile delinquency in the United States. The visitor is also interested in the structure of the judiciary and its role in the American system of government and law.

Dr. Filho will go from Amarillo to Dallas and New Orleans before returning to Washington and New York. He will return to Brazil Dec. 21.

Guests in the G. B. Combs home for Thanksgiving were Mr. and Mrs. Dwayne Atkins, Kent and Carol Ann.

## Original Musical Comedy Planned For BIT Annual Christmas Show

An original musical comedy will be staged as the annual Christmas show of Alpha Psi Omega, national dramatics fraternity, in the Branding Iron Theatre at West Texas State College.

The two-hour show, written and directed by Eddie Thomas, Amarillo senior, will open Dec. 11 for a three-night run. William A. Moore, director of WT dramatics, and Robert L. Antrim, technical director, will supervise the production.

Titled "Heaven Forbid," the play set to music will be a take-off on the commercialism of Christmas, Thomas said, and will feature angels who visit earth to bring about a change.

Five sets have been constructed for scenes in heaven, space, a department store interior and exterior, and the office of the department store owner. Thomas said the sets are elaborate and that special effects and lighting will be used.

"We used a case of angel hair for the heavenly scene," he said, "and we will have smoke pouring along the floor in another scene to give the illusion of space."

Admission for the musical will be \$1.00 a person, and proceeds will be used to send members of the fraternity to Chicago Dec. 28 to attend the convention of the National Educational Theatre Association. Two members will also

audition for summer stock work, Thomas said.

Cast selected includes David O'Keefe of Amarillo, as Charles, the lead angel role; Marty Hinson of Groom, as Gloria, another angel; Scott Glenn of Borger, as St. Peter; Deanna Stout of Amarillo, as a heavenly messenger.

Janet Benefield of Plainview as Carrie Billinger, owner of the department store; Verdi Knox of Canyon as Lola, a perfume saleswoman; James Hinkley of Pampa, Joe, a record salesman; Dana McDowell of Canyon as Miss Pringle; Pluma Metcalf of Vega as Laverne.

Billy Hodgson of Friona as Mike, the store detective; Janelle Mundy of Canyon, Betty, the elevator operator; Leon Stephens of Dumas as Cupid; Penny Cox of Amarillo as Mrs. Hedgehick; and Elizabeth Taylor of Amarillo and Mary Lee Owens of Amarillo as dancers.

## Santa Still Needs Letters from Canyon

Santa Claus has lots of letters from Canyon children, but he knows that some haven't written yet.

He told the Canyon News to collect the letters in Canyon and send them to Santaland. The jolly gentleman wants all his young friends to get the things they want for Christmas, but he needs a letter so he can remember all the requests.

Don't wait too long. Send your letter to Santa this week.

## Fire Burns at Steel Building

You wouldn't think there was much around a steel and concrete building under construction that would burn, but that's where the fire was just before 8 a. m. today.

A frame building, moved in at the front of the new Fine Arts building at WT and being used as a metalworking shop, caught fire and was pretty well burned out inside.

The fire started from an oil-fed stove that exploded. The flames leaped out through open garage-type doors at the front and caught a tree limb, also. The dollar damage of the fire was not estimated earlier this morning.

## Decoration Erection

Roland Black, left, and T. G. Hull Jr. erect one of the new decorations on the street lights around the square. Southwestern Public Service crews began this morning putting the decorations up and are expected to finish late this afternoon.

## Fire Destroys Happy Elevator

An estimated \$42,500 worth of milo burned up Wednesday night in a fire that destroyed one of the Harmon-Toles elevators in Happy. The fire burned itself out about 16 hours after an explosion started it.

The explosion blew the head house off the elevator at 11 p. m. Wednesday. Happy firemen were assisted by fire units from Tulia and Canyon when the fire first began.

During the freezing night and following day, the firemen stood by to keep the fire from igniting a fertilizer warehouse and grain drier standing just a few feet away from the burning elevator. A larger elevator is located about 30 feet from the burned one.

The elevator was the oldest in Happy, being built in 1921. It held 25,000 bushels of milo when it burned.

## 4-H Award Party Slated for Friday

An achievement party for Randall County 4-H Club boys and girls will be held at 7:30 p. m. Friday in the American Legion Hall.

Highlight of the event will be the announcement of the Gold Star boy and girl as outstanding members.

Other awards to be made are medals in several different contests and certificates to members who have finished their projects for the year.

The party will include recreation and refreshments. Expected to attend are 140 4-H Club members and their parents and guests.

## Turkey Dinner To Raise Funds

A turkey dinner will be sponsored Sunday from 12 noon to 2:30 in the Fellowship Hall of the First Methodist Church. Tickets for the annual dinner, sponsored by the Crusaders' Class, will cost \$1.25 for adults and 75 cents for children under 12.

All profits will go to the community center fund.

## Drawing Planned Thursday Night

The next drawing sponsored by Canyon merchants will be at 7:30 p. m. Thursday on the square. Prizes will be \$100, \$15 and \$10.

The drawings will be held each Thursday night until the week before Christmas, and many merchants will be open until 9 p. m. on those nights.

Tickets for the drawings may be obtained from sponsoring merchants and are given at the rate of one ticket for each \$1 purchase with a limit of 300 tickets on any one purchase. Holders of winning numbers must be present in order to win.

The schedule of drawings started the first Thursday in November, although Thanksgiving night was skipped.

## Judge Accused in Bribery Case

Randall County's judge stands accused of being an accomplice to an alleged attempt to bribe a 47th District Court juror in Potter County.

Roy Joe Stevens was arrested Thursday night, arraigned Friday morning and released on \$2,000 bond after his arraignment. He attended the regular meeting of the Randall County Commissioners Court Monday afternoon.

The complaint against Judge Stevens stems from this series of events:

Nick Bargas, 38, is accused of shooting Louis T. Macia, 27, an insurance salesman, on May 26.

Judge Stevens was appointed defense counsel for Bargas by District Judge E. E. Jordan. The case was called for trial during the week of Oct. 27.

When the special venire reported on Oct. 27, Hubert Carlton Heard and Donald Edward Heard testified that Hubert Carlton Heard had been approached by Edwin

Dale West in an attempt to bribe Donald Edward Heard to influence the jury decision in the Bargas trial. Donald Edward Heard was the 24th man on the special venire list. At that time, the Bargas trial was continued until the January term of court, and West was indicted during the next few days with the alleged bribery attempt.

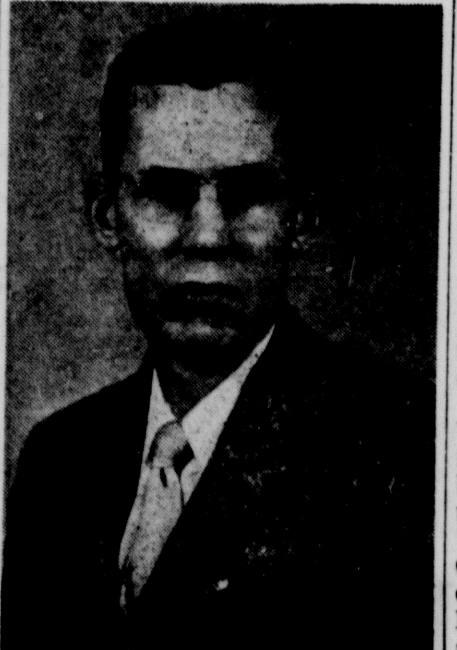

Last Thursday, 47th District Attorney in Potter County Wayne Bagley and two assistants, Frank Baughman and Jess Dickie, prepared charges against Judge Stevens for being an accomplice to the bribery attempt. Judge Stevens was arrested and arraigned. His case has not been before the Potter County grand jury since the charges were filed.

District Attorney Bagley said two witnesses link Judge Stevens with the bribery. One is a cave waitress and the other is a private detective who has worked for Judge Stevens, according to Bagley.

The trial of West on the charge

of bribery was set for Monday in

★ ★ ★

ROY JOE STEVENS

district court. The trial was continued until January at the request of Bagley. It will be necessary for West to be convicted of the charge before Judge Stevens can be convicted.

Judge Stevens, 35, has been Randall County judge since Jan. 1, 1953, when he took office after the 1952 general election. He was re-elected in 1954 and again in the general election on Nov. 4. He is a longtime resident of Canyon and lived here until about 1½ years ago when he moved to Amarillo with his wife and two children.

In the original complaint against West, he is accused of approaching Hubert Carlton Heard two days before the trial of Bargas was to begin. According to testimony, West offered money to Hubert Carlton Heard if he would influence his brother, Donald Edward Heard, to help Bargas by serving as a juror and affecting the verdict in Bargas' favor.

## Happy Birthday, Sugar

Happy Birthday to you, Cristi. Next Sunday you'll be one year old, and what a fine daughter you've turned out to be.

Your mother and I appreciate you more and more every day. We sometimes get a little brisk with you about this and that, and we have to tell you "no-no" more times than we'd like, but how we look forward to your smile and your laugh.

Since you've grown enough to get around by yourself and to recognize us, I've been anxious to get home for lunch every day. You can't know how heartening it is to have you meet me at the door with a grin and your arms stretched up to me. You don't know that your mother and I talk about you and are happy with your sweetness. It must sound like gibberish to you, but when we talk and then laugh, we're not making fun. We're just showing our joy at having you around.

If as many things happen each year as have happened your first, by the time you are grown this will be a different world to live in. You have a lot to look forward to.

You haven't noticed the moon yet. But maybe by the time you are grown, you'll be standing on the moon looking at the earth. On the other hand if we aren't careful, we may push the panic button once too often and we'll all be blown sky high. You'll never have the chance to grow up, then.

Even though the way of living may change drastically in the next twenty years, Sugar, if we give you the chance

to live that long we hope that you will know that some things never change.

Your mother and I hope to teach you that some things are right and other things are wrong. We hope to show you there's more to living than the everyday mechanics of staying alive.

We will try to teach you that you owe your existence to a Supreme Being and that if you do as He says, you can expect a reward of everlasting life in His presence. We hope you can learn that He is a God of love, and that you can bask in His love as you do in ours.

We will try to show you that while you are here, you have a number of rights that belong to you—but that you can't use those rights to hurt someone else. We hope to help keep your freedom untainted so that you can enjoy those rights.

There are so many things I'd like to write to you, Cristi, but it will be quite a few years before you can read them. And it will be more years before you can understand them. I just hope that when the time comes, you will be able to get and hold the things I have in my heart for you.

So Happy Birthday, Cristi, and many more of them to come.

## Wonder Who?

We wonder whom South Amarillo will elect as their county judge next time, if this week's reports turn out to be true.

## I GIVE YOU TEXAS By BOYCE HOUSE

Richmond is a city of charm, glory and greatness.

I knew I was going to like Richmond from the very first impression which was gained when I breakfasted, on arrival, at the Holloway House. A meal of real biscuits—I thought they quit making genuine ones during Woodrow Wilson's first term; an egg, blind-folded, and greaseless; hot cakes, sent to the table under glass to keep them hot; and coffee—all of this for 53 cents!

A taxi-driver said he was from Albemarle County which (he asserted) had a region known as Shiftless Hollow where moonshining used to abound. A revenue officer asked a boy, "Will this path take me to the still?" "Yes," the lad replied, "but it won't bring you back."

Edgar Allan Poe lived in Richmond and what is probably the city's oldest house (built about 1686) is known as the Poe shrine. The small rock structure, with three gables, houses some of his manuscripts and items connected with his life.

In an old cemetery is the grave of the woman who inspired the lines:

"Helen, thy beauty is to me  
Like those Nicaean barks of yore,  
That gently, o'er a perfumed sea,  
The weary, wayworn wanderer bore  
To his own native shore."

"On desperate seas long wont to roam,  
Thy hyacinth hair, thy classic face,  
Thy Naiad airs, have brought me home  
To the glory that was Greece  
And the grandeur that was Rome."

A stroll in the business region will take you past the house where Lee lived after Appomattox and you will see St. Paul's Episcopal Church where Jefferson Davis and Lee worshipped. It was while Davis was attending a service here that a courier brought the news that Petersburg had fallen, which meant that Richmond would have to be evacuated.

The day I was there was the 150th anniversary of Davis' birth. The windows of Cokesbury's book

## What Our Neighbors Say...

# Scissor Snippings

**Cecil O. Waggoner in the Claude News:** You hear occasionally the criticism of church groups as advocating a "social gospel." Can it be defined in concrete terms? Is it recognizable? Does it have appeal?

The grand premise of the "social gospel" is the false plea of the universal "fatherhood of God and brotherhood of man." Christ pointed out quite a few in His day who were "fathered" by Satan.

The cry of the "social gospels" comes from the writings of men searching the muggy waters of the mind and call their learning psychology and sociology. To them the Bible is outmoded as a guide to sanity and understanding of man, his sinful state and his eventual place in eternity.

According to them, the salvation of man is bound up in "fellowship," "togetherness," "brotherhood" and related herd activities of self preservation, i.e., building a tower of Babel that excludes God.

Christ said each individual man would be held accountable to God for his own activities in life, not a collective organization of group thinkers.

The Bible is still the only dependable source from which you may gain an understanding of life, your place in it and the eventual state of your future life. Togetherness will not do it. You must prayerfully search out the cold hard truth in the lonely pursuit of your thinking.

**Ben Ezell in the Canadian Record:** The 1958 football season is practically over...except for

shouting over state championships and "all-everything" team selections which will furnish the fire-side conversation for the next several weeks.

But we think some sort of special recognition ought to go to the unsung heroes of every football team...the lads who play hard-nosed football for several hours every afternoon in work-outs but rarely taste the glory of performing in the big game each week. We're talking about the second-stringers...the reserves...who absorb scout reports every week, bone up on the plays and formations of Friday's opposition, and take a daily drubbing from the "varsity" while it learns to cope with the next opponent.

**Paul Loftin in the Panhandle Herald:** The poorly advised Amarillo Chamber of Commerce does not want the moon (we would almost bet that they have inside information that it is really full of cheese, all they want is all the water rights, all the right-of-way, all the highways and all of the business in their so-named golden spread (the gold comes from your money and mine).

Their latest grab would be a 300 foot slice out of the heart of the Carson County ranch land—not to better serve Carson County—not on your life—but to smooth a one way highway from prosperous Borger and the north plains to clutching Amarillo merchants.

Amarillo is anxious to stab a neighbor in the back for a few feet of Carson land. Their witty radio commentators would have

you believe that Carson County was populated by a bunch of rather extraordinary dumb yokels who should be glad to rip their ranch lands wide open at the slightest beck and call of the king of the "sucker spread."

The proposed route to rich Borger would by-pass Fritch and Panhandle and would save 15 miles to Borger.

Thank goodness the Carson County Commissioners Court refused the hijacking scheme.

(Do you remember the preacher in Tahoka who was granted a cotton allotment for the three stalks of cotton growing on the church yards? This shows further developments along that line.—The Editor)

**From the Lynn County News:** Pastor W. A. (Bill) Brooks of the First Baptist Church is looking for a buyer for his cotton crop, raised this fall on the church grounds. He has harvested his crop, but so far has not found a buyer.

He says the quality is fine, the staple length "about 1-15/16 inches" but the bale is a little small—three bolls. He knows it is good cotton, though, because Terry Noble furnished the seed.

The Preacher got a lot of kidding last year when his "crop" came up, and was threatened with a law violation charge for planting cotton without an allotment. But, Dee Green of the ASC office issued him a green marketing card.

If anyone wants to buy the crop, proceeds will go to the church building fund.

## Piano Students Give Programs

Medicine Mound, Texas, takes its name from four elevations in the vicinity. These were called medicine mounds and were camp and ceremonial sites of the Comanche Indians. Medicinal herbs not available elsewhere were found there.

Texas' first producing oil well was drilled at Melrose, Nacogdoches County, in 1856 by Lynis T. Barrett.

## HOW BOUT THAT

Drawn for THE CANYON NEWS  
By RALPH TEE

## NEWS LETTER FROM CONGRESSMAN WALTER ROGERS OF THE 18TH CONGRESSIONAL DISTRICT

**Accidents**  
The United States Public Health Service recently published a survey delineating the principal types of accidents from all causes in the United States. The definition of the word itself implies the unexpected or unintentional.

Most of us have, from childhood, been taught to prepare for the unexpected, and some of the statistics in this recent survey would certainly bear out the wisdom of that teaching. Accidents resulting in fatalities in 1957 totaled 97,350. The greatest killer by far is the vehicle accident, which accounts for some 40 per cent of all accidental fatalities.

Home accidents claim 20 per cent, and all other accidents are responsible for some 32 per cent. One of my recent newsletters dealt with the all-important subject of traffic safety promotion. The following information might be helpful in the avoidance of, and preparation for, some common but frightening causes of accidents.

In 1956, 1,422 people died from accidental poisoning, of which almost 90 per cent were children five years or under. Medications, especially aspirin, but also barbiturates, laxatives, tranquilizers, antihistamines, iron pills and many other over-the-counter and prescription drugs are accidentally swallowed most frequently.

Pesticides, kerosene and related products, and household preparations such as bleach, soaps and detergents are frequently taken internally also. In the overwhelming majority of instances, the substances were not properly stored out of the reach of pre-school children.

The survey states it has been shown positively that alcohol is an accompaniment of accidents and deaths on the highways far in excess of the numbers expected. Physiologically, it produces effects which are still not completely

known, but does show clear deficiencies of skill with even small amounts in the blood.

Far more important, however, is the lack of recognition by the average driver of such ill-effects. In addition, there are probably dangerous changes, also unrecognized, in his risk-taking tendencies and attitudes of care and responsibility.

The greatest single phenomenon associated with automobile deaths and injuries is ejection through doors which have popped open in crashes. Three out of four injured in automobile crashes sustained some degree of head injuries. These injuries occur most frequently to the front passenger near the driver, and least to rear passengers. Impact with the steering wheel and post cause a large proportion of the severe injuries to drivers.

It is pointed out that most fires occur in the home, and can be prevented by careful practices and proper equipment, such as the encouragement of home inspections by the local fire department, a constant look-out for fire hazards to children and the aged. In 1955, some 27,200 persons died from home accidents.

Falls accounted for 13,636 deaths; fires and explosions for 5,347 deaths; mechanical suffocation for 1,222; poisons, liquid or solid, for 1,207; firearms accidents

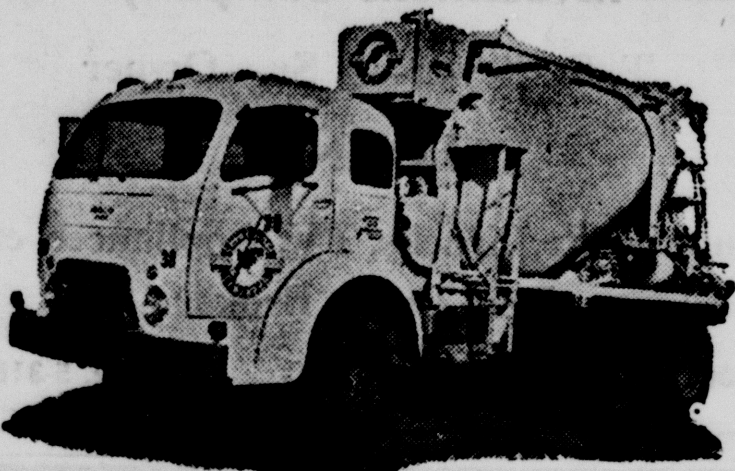

for 1,067; and poisonous gases for 839. More than 80 per cent of falls in the home occurred to persons over 65. Because of their relative helplessness, young children and aged persons were frequent fire victims.

It is estimated that at least 20 million are injured in the home annually. In other words, each year approximately one person in eight in the United States is disabled one or more days by injuries received in home accidents.

In farm areas, careless storage and use of petroleum products for cooking, heating, and tractor fuel is the cause of many severe burns. In 1956 there were 1,200 accidental deaths caused by poisonous gases and vapors, 90 per cent of these contributed to carbon monoxide. Mortality figures only partially indicate the extent of carbon monoxide poisoning among the population.

Despite increased distribution and consumption of electricity, the death rate of electrical accidents has decreased over the past 25 years. Nevertheless, such accidents take about 1,000 lives annually and account for a considerably higher number of burn and shock injuries. The hazards of low voltage accidents are frequently overlooked as evidenced by an increasing number of fatal electrical accidents in and around the home.

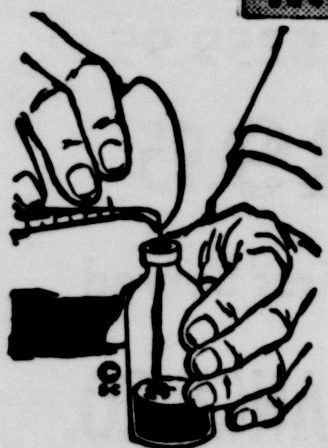

It is not wishful thinking, I believe, to suppose these statistics could be sharply reduced, since the majority of accidents can be prevented with elementary precautionary measures. To paraphrase an old axiom—"Eternal caution is the price of safety."

Bake Sale by Boy Scouts of Troop 66  
Saturday Dec. 6

By VERN SANFORD  
Texas Press Association

Higher pay for legislators is an issue that's buried, but not dead. Voters buried it under a two-to-one avalanche of disapproval when it was submitted as a constitutional amendment Nov. 4. But already there is talk of trying again.

It is being discussed both by those who supported "Amendment One" and those who fought against it. Sen. Dorsey Hardeman of San Angelo, leading spokesman for the

opposition, has indicated he may submit a pay raise plan of his own next session. Hardeman attacked the recent proposal, not on the principle of better pay for lawmakers, but on the grounds that the amendment was a muddled conglomeration of too many things.

State AFL-CIO, which worked for Amendment One, is plugging for re-submission of the annual pay question. AFL-CIO headquarters officials sent a letter to legislators expressing regret that the amendment did not pass and placing the blame on labor's favorite targets — business lobbyists and newspapers.

Whatever the merits of the case, a lot of people in the state agencies in Austin are glum about the prospect of facing a disgruntled, pinch-penny Legislature next year. With the general revenue fund in the red, there's bound to be an effort to cut expenses. In addition, state employees fear, there'll be a feeling among lawmakers that "If we can work for peanuts, so can you."

Water Struggles  
State Board of Water Engineers

has completed public hearing on one squabble over Trinity River water and is faced with another soon.

Probably as a result of the recent drought, there seems to be an increasing intensity in the struggles between various areas of Texas for water rights.

In the case of a major river like the Trinity, which passes through or near three major cities — Fort Worth, Dallas and Houston — there's always a fear that one city will take out so much water another will run dry.

Water Board has under consideration now Dallas' request for a permit to build Forney Dam on the East Fork of the Trinity. There was strong opposition from the North Texas Municipal Water District, particularly Rockwall County, on the grounds that the dam would secure Dallas' water future at the expense of north county neighbors.

In the making is another wrangle over Houston's request to build a reservoir at Livingston. Houston wants to divert 1,100,000 gallons daily to the reservoir — practically all the unappropriated water from the Trinity. Dallas is attempting to organize Upper Trinity towns and cities — including Fort Worth — to oppose the plan.

#### Welfare Program

Texas Social Welfare Association at its meeting in Austin asked the next Legislature to:

1. Pass laws putting into effect the new constitutional amendment permitting medical aid for the aged, disabled and dependent.

2. Overhaul laws dealing with delinquent, dependent and neglected children.

3. Appropriate money to the Texas Youth Council for more staffers, including parole supervisors for juveniles.

4. Pass a minimum standard hospital licensing law.

Association also passed a resolution praising State Welfare Dept. Director John Winters and presented its Distinguished Service Award to Miss Ima Hogg of Houston (daughter of the late Gov. James Hogg) for her generosity on the behalf of mental health work.

#### Mechanics License Law

Next Legislature will be asked to decide whether to require auto mechanics to have a license before monkeying around under the hood of your car.

Texas Independent Garagemen's Association has voted to work for such a law.

Under the association's proposal, all independent auto repair shops, all authorized car dealers' shops and all mechanics would be examined and licensed under a state board. Purpose, say the garagemen, is to protect the public from those who pad bills and do little, if anything, for cars.

#### Savings & Loan Change

An attempt will be made next session to patch up the savings and loan association law after a part of it was declared unconstitutional.

Atty. Gen. Will Wilson held unconstitutional the law which pro-

## Holstein Bulls Given Top Rating

Two registered Holstein bulls owned by Louis Hinders have been rated as preferred pedigree sires — the highest attainable honor in the Selective Registration Program of the Holstein-Friesian Association of America.

Palo Duro Gracious Segis 1329539 and Palo Duro Gracious De Kol 1329529 qualified for the

rating on the basis of the outstanding performance of their ancestors. Designed as a means of selecting potentially outstanding young sires requirements for preferred pedigree include high standards of type and production on both sides of a bull's pedigree.

Texas is the number one sheep and wool state of the Union, with the industry centered in southwest and far west Texas.

For  
**COLDS**  
take 666

vides for automatic cancellation of a savings and loan association's certificate to do business if it fails to start operations within six months after the certificate is granted. Wilson ruled this violates the constitutional guarantee against being deprived of life or property without "due process of law."

State Banking Commissioner J. M. Faulkner said he will ask to have the savings and loan law made like the banking law. This gives the Banking Commission authority to extend a bank's certificate if business is not begun within 90 days.

#### Uncle Sam Has Say

Texas regulatory agencies cannot set rates for railroads, truck lines, etc., carrying goods and personnel for the federal government in Texas.

This ruling by the Texas Supreme Court was made in a test case brought by the Texas and Pacific Railroad and others. It had been knocking around in the courts for some years. Former Atty. Gen. John Ben Shepperd had ruled that the Texas Railroad Commission did have authority to set rates for transportation entirely within the state's borders.

Final ruling was based on a decision by the U. S. Supreme Court in a California case of the same type.

#### No Harm in a Still

Court of Criminal Appeals insists the evidence has to be 100 proof to convict a man of manufacturing an "illicit beverage."

Appeals Court threw out the conviction of a Lamar County man who had pled guilty to a charge of "possessing a still to manufacture intoxicating liquor."

Majority opinion said, in effect, that the law prohibits possession of a still to make "illicit beverages," but that illicit beverages and "intoxicating beverages" are not necessarily the same.

Ask about FAMILY FARES

The finest ride  
you've ever known

... starts with the wonders of wide-track wheels

You get the solid quality of Body by Fisher.

#### ONLY CAR WITH WIDE-TRACK WHEELS

... acclaimed by experts as the year's top engineering advance! The wheels are moved out 5 inches for the widest, steadiest stance in America—lower center of gravity for better grip on the road, safer cornering, smoother ride, easier handling. Pontiac gives you roadability no narrow gauge car can offer!

You've never known a car to ride so smoothly or handle so surely ... because no car was ever built like this before. And that wide, solid stance is only the beginning. Engineering's hottest team really poured it on to produce this one for you: There's a great new Tempest 420 engine to give you the most breath-taking performance on wheels ... or, if it's extra economy you're after, Pontiac has, at no

extra cost, a new V-8 companion, the Tempest 420E, that actually delivers better gas mileage than many smaller cars with so-called "economy engines." There are great new True-Contour Air-Cooled Brakes for smooth, safer stops. And inside, seats wider than a sofa! Come on in and see for yourself. And remember, your quality Pontiac dealer displays the manufacturer's suggested retail prices on every new Pontiac!

PONTIAC MAKES V-8 HISTORY! A Pontiac Tempest 420E has set a NASCAR sanctioned and supervised 2,442 mi. coast-to-coast economy mark on regular gas—only 1 1/4¢ per mile at an average speed of 40.2 m.p.h.!

## Choir Tour Opens In Amarillo Church

A concert will be presented Sunday at 6 p. m. in Amarillo's St. Paul Methodist Church by the West Texas State College A Cappella Choir, which leaves Monday for a five-day tour of the South Plains.

The group, conducted by Dr. Houston Bright, tours the Tri-State area annually just before the Christmas holidays, appearing in from 10 to 12 schools. The choir also appears in a number of churches and in concerts for television.

Three concerts in the two Lubbock high schools and in Tahoka will be given Monday. Performances are slated in Snyder and Big Spring Tuesday, in Midland and Odessa Wednesday, in Kermit, Brownfield and Muleshoe Thursday and in Dimmitt and Hereford Friday.

Organized in 1941 by its present director, the WT choir now enjoys the reputation of one of the outstanding musical groups in the Southwest. The director's own compositions and arrangements are performed each year by his choir and throughout the area by high school groups.

In the choir's repertoire are a number of hymns and double choruses by Bach, Mendelssohn, Rossini, Willan and Wilson.

Mary Sue Bolton, daughter of Mr. and Mrs. L. K. Bolton, was home for the Thanksgiving holidays. She is a member of the Gold Diggers from Texas Western University, who will perform at halftime ceremonies during the Los Angeles Rams-Baltimore Orioles game. The contest will be broadcast by KFDD-TV in Amarillo.

### KEEP THIS AD!

Over 25,000 Arthritic and Rheumatic Sufferers have taken this Medicine since it has been on the market. It is inexpensive, can be taken in the home. For Free information give name and address to P. O. Box 826, Hot Springs, Arkansas.

## WT Beauties Elected Monday

West Texas State College's most handsome man and most beautiful coed will be elected by the student body here Monday, and winners will be presented at the annual Beauty Dance Wednesday.

Six men and six women have been nominated for the titles of "Most Handsome" and "Most Beautiful," in the campaign conducted annually by Le Mirage, WT yearbook. The yearbook staff will honor the nominees at the first formal dance of the year.

The dance is scheduled in the cafeteria, with Ed Armstrong's Orchestra playing. Admission will be \$1.00 a person. Decorations will be designed by Robin Sumner, Amarillo freshman, and Carol Barnes, Midland sophomore, who is editor of Le Mirage.

Coeds nominated are Carolyn Baer of Dumas, Karen Bell of Dimmitt, Rue Paula Groves of Stinnett, Carolyn McLaughlin of Pampa, Kathleen Riley of Canadian, and Barbara Shepard of Amarillo.

Men chosen are Jim Hadaway of Springlake, Alvin Lynn of Whiteflat, Wayne Potter of Tulia, Jim Reid of Amarillo, Don Sheffy of Dimmitt and Jim Young of Canadian.

## Buffalo Gals Plan All-College Party

Annual all-college party and dance given by the Buffalo Gals, campus service organization, will be held Wednesday at 7:30 p. m. in the student union building at West Texas State College. The public is invited.

Featured events for the party will be a cake walk, fortune-telling booth and other attractions of a carnival. A talent show by several members of the WT faculty will be given. Admission will be 50 cents a person.

## Mrs. Hildreth Has Christmas Bulletin

Mrs. Mona K. Hildreth, Randall County home demonstration agent, has a bulletin, "Christmas Time at Home," number B-254, available to anyone who wants it.

The bulletin, written by specialists of the Texas Agricultural Extension Service, carries recipes for Christmas time treats such as breads, cakes, cookies, puddings, desserts, candies and beverages.

Mrs. Hildreth's favorite recipe is a confection type fruit cake. It calls for a mixture of:

8 oz. pkg coconut flakes  
1 lb. dates, chopped  
1 lb. candied cherries, chopped  
1 lb. candied pineapple, chopped  
3 to 4 C. broken pecans  
½ C. flour

Stir 1 tsp. of vanilla or brandy or rum flavoring into milk and pour over fruits and nuts, and toss mixture. Grease and flour three medium sized loaf pans. (Mrs. Hildreth likes to put aluminum foil in the pans with the foil extending over the edge of the pan).

Bake at 250 degrees for 1 hour, 15 minutes, or until golden brown. Remove from pan. Loosen foil strip and cool on cake rack.

The cake does not have to be stored in a refrigerator. A glaze may be applied by brushing the surface of a dark cake with a mixture of molasses and water or a light cake with a mixture of honey and water or egg white and water about an hour before baking time is completed.

## District Little League Meet Here

A meeting of district Little League representatives has been planned for 2:30 p. m. Sunday in the WT fieldhouse, Dr. R. P. Jarrett, Randall County Little League president, has announced.

Among items to be considered at the meeting is an invitation from Canyon to hold the district playoffs here.

Mr. and Mrs. R. C. Helmich and children of Yukon, Okla., visited Mrs. J. C. Dowd over the Thanksgiving holidays. Guests in her home on Thanksgiving Day included Mr. and Mrs. Mark Foster, Mr. and Mrs. Paul Rogers, Mr. and Mrs. Bob T. Dowd and children of Happy and the Helmich family.

## Baptist Revival To End Sunday

Evangelist Buckner Fanning will continue a week-long revival now in progress at the First Baptist Church. The Sunday evening service will close the meeting.

Services are held each weekday at 7 a. m., with a light breakfast at 6:45 and 7:30 p. m. The revival began Sunday.

A graduate of Baylor University at Waco, Fanning attended Southwestern Baptist Theological Seminary at Fort Worth.

Directing the music, as well as singing a solo in each service, is Bill Jackson, a former member of the Los Angeles Light Opera Company and former student of John Charles Thomas.

## Agent To Conduct Area Workshop

Mrs. Mona K. Hildreth, county home demonstration agent, will conduct a workshop on hatmaking for agents of District I Monday.

The workshop will be held in Amarillo.

Mrs. Hildreth will demonstrate shaping the hat base and decorating it.

## CLUBS HOLD JOINT MEETING

Rev. H. Doyle Ragle spoke on the first Thanksgiving when the Social Pioneers, the Canyon Mother-in-Law and the Palo Duro Mother-in-Law clubs met Thursday night in the home of Mr. and Mrs. W. J. Stewart.

Members enjoyed a Thanksgiving supper, group singing and instrumental music.

## Doldrums Hit Canyon Building

The fall doldrums hit Canyon's building during November and only four permits totalling \$4,325 were issued. The year's total now stands at \$1,691,303. Permits issued in November were:

Ples Harper, 2523 Fifth Avenue, addition, \$2,700, Nov. 3.

Albert H. Hutton, 1201 Third Avenue, garage, \$1,000, Nov. 17.

J. B. Foster, 1301 First Avenue, boiler room, \$500, Nov. 17.

E. T. Cummings, 1311 Seventh Avenue, garage, \$125, Nov. 17.

## Eaglettes Defeated By Gruver, Panhandle

The Canyon Eaglettes dropped two games this past week, one to Panhandle and one to Gruver.

Gruver defeated the girls of Canyon High 46-31, and Panhandle outscored the Eaglettes 37-30. Marilyn Winn was high scorer for Canyon in both games with 19 points each time.

## 1959 COUNCIL COMMITTEES TO MEET TOMORROW

Members of the 1959 committees of the Randall County Home Demonstration Council will meet at 9:30 a. m. tomorrow in the Farm Bureau building.

Mrs. C. V. Conatser, council president, will be in charge of the meeting, assisted by Mrs. Mona K. Hildreth, county home demonstration agent.

## Pleasantview Club Plans Yuletide Party

The annual Christmas party of the Pleasantview Home Demonstration Club will be held in the home of Mrs. Roy E. Henderson at 2:30 p. m. Dec. 10. Following an exchange of gifts, secret pals will be revealed.

Mr. and Mrs. Robert Tompson and Ethel Wamble were visitors Sunday in the G. B. Combs home. Other visitors from Hereford were Mr. and Mrs. Coy Phillips.

There is a world of difference between self-confidence and conceit—a fact so many people don't seem to understand.

## DOUBLE STAMPS TUESDAY

## Mailing Hints Given by Higdon

Suggestions to insure that Christmas packages will get to their destinations on time were given this week by Postmaster Marion Higdon.

He gave the mailing deadlines for the near future. Packages for Hawaii and Alaska should be mailed now. Parcels for distant states should be mailed not later than Dec. 10, and those for Texas and nearby states by Dec. 16.

In general, mail sent early in the day receives faster treatment. Parcels may be marked "Do Not Open 'til Christmas" and first class mail can be enclosed if the parcel is marked so.

In addressing, use zone numbers where applicable. In mailing, separate local from out-of-town mail and put the items in the proper slot at the post office. Any questions on the mail service can be answered by Higdon or any of the postal clerks.

Higdon has one further suggestion: If you can't find any gift for the person who has "everything," the post office has \$2.50 and \$5 gift books of savings stamps and a \$4 roll of four-cent stamps and a handy plastic dispenser for them. The dispenser is five cents and is not sold separately.

## Income Tax School Slated for Dec. 10

A special one-day school on income tax for farmers and ranchers is scheduled for Dec. 10 in the Farm Bureau building, 1710 Fifth Avenue.

Starting time for the county-wide school is 9:30 a. m., and the training will end by 3:30 p. m. It will include people who make tax returns for farm or ranch people.

The first such training school for Randall County people, it is sponsored by the Texas A&M College Extension Service in cooperation with the Internal Revenue Service.

J. T. Logan, Internal Revenue Service, and Cecil Parker, farm management specialist of the extension service, will conduct the training session. They will cover such items as forms and records, depletion and depreciation allowances, capital gains and losses, Social Security reporting, soil and water conservation expenses, livestock trades and condemnations.

John Brazzil, Randall County Agent, says the training is free to anyone interested. Brazzil may be contacted at his courthouse office or OLS-2240 for further information.

## Umbarger News

Mr. and Mrs. Cotton Friemel spent the day at John Grabber's.

Mr. and Mrs. A. R. Friemel spent the day in Borger at the home of Mr. and Mrs. J. W. O'Dell.

Mr. and Mrs. Max Koch and family visited Mr. and Mrs. Carl Frische and family.

Mr. and Mrs. Carl Hartman and family spent the day with Mr. and Mrs. John Wieck.

Mr. and Mrs. Leonard Batenhorst and family visited the Sylvester Batenhorst family.

Mr. and Mrs. Lee Haschke visited in the Math Albracht home.

Mr. and Mrs. Bernard Hartman and family were afternoon guests in the Lewie Raef home.

Mr. and Mrs. Dillard Shank and family spent the afternoon at the home of Mr. and Mrs. Ray Gerber and family.

Mr. and Mrs. C. Robertson and children were dinner guests in the Aline Lindemann home.

Mr. and Mrs. Louis Rossi and Mr. and Mrs. Derwald Anserwald and family were guests in the Henry Gerber home.

Mr. and Mrs. Ben Koch and family visited in the John Vorwald home.

Mr. and Mrs. Roscoe Richardson spent the evening at the Ray Gerber home.

Dinner guests in the Bob Brockman home were Mr. and Mrs. Dutch Friemel and family, Mr. and Mrs. Harvey Artho and family, Mr. and Mrs. Alan Brockman and family, George Brockman, Clarence Beckman and Carrie Beckman.

Mr. and Mrs. Vincent Friemel and Virginia Friemel spent the Thanksgiving day with relatives in Borger.

Visiting the Vincent Meyer family for dinner were Mr. and Mrs. E. Pashul, Dave Ackor, Donnie Meyer, Jim Meyer and Mr. and Mrs. Joe Meyer.

Mr. and Mrs. La Dean Adams and family, and Mr. and Mrs. Carl Kleuskens and family spent the day with Mr. and Mrs. Max Hoffman and family.

Mr. and Mrs. Ben Buecker and Bernard visited friends.

## SOIL CONSERVATION DISTRICT NEWS

The technicians of the Soil Conservation Service assisting the Randall-Potter Soil Conservation District have recently staked damless tanks for the following farmers and ranchers: Jozach Byrd, E. H. Eads, T. T. Triplett, C. V. Conatser, James I. Fletcher and the Bush Estate.

These dams are constructed from 10 to 12 feet deep with side slope ratio of 4:1. The length and width of these ponds depends upon the amount of runoff water that you wish to store. The damless tanks can be installed in draws and lakes where you are unable to build a dam.

If you are interested in a damless tank or a dam, contact the local SCS technicians in the Randall County Courthouse.

The supervisors in their regular meeting this month approved agreements with the following farmers and ranchers: E. H. Eads Jr., Carl M. Smith, C. K. Cloud, W. T. Clifford, Ray J. Metcalf, F. E. Lesly, Gordon J. Culwell, John J. Currie Jr., J. Muri McCasland, John L. Shipley, Leonard Winters and Lewis A. Walberg.

Now is the time to build diversions and terraces on your maize land. If the structures are built now, you will be able to farm them in the spring. In some cases a waterway is needed before you can build the terraces. If you need a waterway it can be constructed now and you may be able to empty the terraces into it next year.

## FTA Presents Program at WT

The D. A. Shirley Chapter of the Future Teachers of America presented a program recently before the Student Education Association of West Texas State College.

The high school group gave a program on "Report Card U.S.A." Speakers and their topics were

Linda Green, responsible citizenship; Mary Beth Brillhart, character building; John Menke, education and survival; Barbara Myers, curriculum; and Beverly Richard, developing talents.

Margaret Johnson, who was recently selected as Miss FTA at the district convention, was presented a \$20 award to pay her way to the state FTA meeting in San Antonio.

Mr. A. K. Knott was selected

by secret ballot as Canyon High School's Teacher of the Year.

In an assembly program presented at the high school during National Education Week, Miss Johnson was one of the speakers. Others were Bill Cornette, Mayla Atkinson and John Wear.

Mr. and Mrs. Clinton Miller and girls of Floydada were recent visitors in the W. M. Dickerson home.

## CLUB SCHEDULES CHRISTMAS PARTY

The Canyon Mother-in-Law Club will have its Christmas party in the home of Mrs. H. C. Hudson

and Mrs. Earline Moreman, 2002 Sixth Avenue, Dec. 11.

No man is fully educated until he learns to read himself.

## Married Friday

MRS. JACK McCORMICK

## Theresa Mickey, Jack McCormick Married in Joseph A. Hill Chapel

The Joseph A. Hill Chapel was the scene Friday at 4 p. m. of the marriage of Theresa Ethelda Mickey and Bailie Jack McCormick. Parents of the couple are Mr. and Mrs. A. R. Mickey, 600 Seventh Avenue, and Mr. and Mrs. B. E. McCormick, 2512 Sixth Avenue.

Bob Wear, minister of the Central Church of Christ, read the double ring ceremony before an altar draped in pink, pleated satin. Four seven-branched candelabra made an arch effect around the altar, which was flanked by two baskets of large pink chrysanthemums. The pink candles were accented by wine oak leaves, carrying out the bride's chosen colors of pink and wine.

Mrs. Dick Dawdy, Canyon, played a prelude of appropriate wedding selections at the organ. Louise Higdon, pianist, and Mrs. Dawdy, organist, played a duet of "Like a Shepherd, God Does Lead Us." Bill Knighton sang "Through the Years" and "Wedding Prayer."

The traditional "Wedding March" was used for the processional, and "Marche Aux Flambeaux" for the recessional.

Wyona Ely, niece of the bride, and Nancy McCormick, sister of the bridegroom, were bridesmaids. Barbara Shepard of Amarillo acted as maid-of-honor. The three attendants wore identical dresses of wine velvet, styled with short sleeves, a low contoured back and a princess-type waistline which flared into a full skirt.

They wore shoes matching the dresses and headbands of pink velvet sprinkled with seed pearls. They carried bouquets of pink roses.

Jeanette Ely and Cynthia Mickey, nieces of the bride, who were flower girls, were attired in full skirted dresses of pink velvet.

Foster Parker of Lubbock was best man. Serving as groomsmen were Garland Ruthart and James Miller, both of Canyon. Sharing the ushering duties were Andrew Lyle of Borger, cousin of the bridegroom, and Don Wells of Canyon.

Given in marriage by her father, the bride wore a floor length white bridal taffeta dress with a bouffant skirt, chapel train and fitted bodice. The sleeves were long and terminated in petal points at the hands. Venice lace edges complemented the scooped neckline.

Her bridal veil was double tiered, finger-tip length imported French illusion, scalloped around the edge, attached to a medallion lace Queen crown, showered with seed pearls. She carried a bridal bouquet of

cascaded white roses, stephanotis and English ivy.

She wore a pearl drop necklace, a gift from the groom.

Mrs. Mickey wore a blue-gray crepe suit with white and brown accessories and a white corsage. Mrs. McCormick wore a royal blue sheath dress with a matching hat, white accessories and white corsage.

A reception in Cousins Hall lounge followed.

The tiered wedding cake was on a table laid with a white satin and net cloth and centered by a fan shaped arrangement of large pink mums and a pink net base. Presiding at the table were Mrs. Lois Kellogg and Mrs. Maurice Mitchell, aunts of the bridegroom, Mrs. Fred Ely, sister of the bride, and Claudia Neelley.

Jackie Barnard registered guests and Mrs. Don Duncan played the piano.

Members of the house party were Mrs. Gwen McFarland, Mrs. C. W. Mickey, Mrs. Jack Barnard, Suzanne Reynolds, Martha Harding, Sandra Michael, Mrs. Garland Ruth-

## AAUW To Hear Mrs. W. A. Moore

Mrs. W. A. Moore will speak on the new plays of the season at the monthly meeting of the Canyon Branch of the American Association of University Women Saturday.

A luncheon at 12:30 p. m. in the Blue Room of the West Texas State College cafeteria will begin the meeting. The program will begin at 1:30 p. m., and members may come for the program only.

Mrs. Moore will evaluate the plays which have opened on Broadway this season, especially those receiving the most favorable reviews.

Reservations for the luncheon should be made by Friday noon with Mrs. Joe A. Gibson, Mrs. Harold Peterson or Dr. Hattie M. Anderson.

## Piano Recital Slated Tomorrow at CHS

A piano recital will be presented tomorrow afternoon at 4:15 p. m. in the Canyon High School cafeteria by the elementary and junior high school pupils of Mrs. Houston Bright.

Everyone is invited, according to Mrs. Bright.

Playing will be Beverly Brown, Pat and Beth Jarrett, Kathy and Ronald Hufnagle, Janet Haggard, Alan Demus, Pam Sternberg, Mark Olson, Rebecca and Davis Price, Linda Clark, Andrea Lair, Mike Matthis, Jim Cabe, John Brantley, Jill, Jan and Bill Jarnagin, Mary Ann Wheelock, Carol Brown, Dorothy Grabbe and Judy Moudy.

## EVANGELIST TO CONDUCT SERVICES AT REVIVAL CENTER

Evangelist W. M. Short will conduct special services at 7 p. m. tonight at the Revival Center Church, 501 Sixth Avenue.

art, Mrs. Foster Parker, Mrs. Don Wells, Mrs. Andrew Lyle, Mrs. W. R. Crow and Mrs. Jack Caddell.

The couple is at home at 2101 First Avenue. Mrs. McCormick, a 1957 graduate of Canyon High School, is a sophomore at West Texas State College. A member of Mary E. Hudspeith Honor Society, she works as student assistant at the college library.

The bridegroom is a 1955 graduate of Canyon High School. A senior chemistry major at WT, he is a member of Alpha Chi, honor society for juniors and seniors, and "Who's Who Among Students in American Universities and Colleges."

## Fairview Breezes

We had a light snow Thursday night. High winds drifted the snow.

Charles Pierce preached for us Sunday morning but there were no night services because of the large number of colds in the community. Ill were Mrs. John Patterson, Mr. and Mrs. Frank Rogers, Mrs. Bobby Gauthreaux, Hollis Shipman, and Chuck Pierce, son of the pastor.

Darrel Wilson escaped serious injury when his car overturned. He and some classmates had built a hot-rod and he was testing it when it overturned. He had minor scratches and bruises.

Mr. and Mrs. J. W. Wesley went to Brownfield Wednesday for the Thanksgiving holidays. Elvin Wesley was able to be back at work at Bowling Sands. Mr. and Mrs. Arlen Wesley and Kyle of Plain-

view also spent the holidays at the D. L. Whitsons and the E. E. Wesleys.

The Tongue and Thimble Club will meet Thursday with Mrs. Richard Evans in Happy. Plans will be completed for the club Christmas tree at this meeting.

Mr. and Mrs. Richard Evans spent the holidays with relatives near Temple.

Bobby Gauthreaux, stationed at El Paso with the Air Force, spent Thanksgiving in the H. H. Shipman home with his wife, Nan Earyle.

Mr. and Mrs. G. E. Wesley went to Romero Sunday for a visit with Mr. and Mrs. Jim Williams. They planned to return Monday.

Those playing "88" in the G. E. Wesley home Saturday were Mr. and Mrs. J. W. Wesley and Mr. and Mrs. Frank Rogers.

## H. R.'s Door Prize Winners Announced

Winners of door prizes given in a Holiday Fantasy Sunday by H. R.'s Greenhouse have been announced. The winners and their prizes are:

Mrs. Lang Hunter, 25 yellow roses in a green vase; Faye Can-

nedy, Christmas tree card holder; Matilda Gaume, four-seasons wall plaques; Mrs. Ed Bourn, house plant; John E. Walton, Santa Claus cookie jar; and Mary Pat Haley, Christmas record album.

Mr. and Mrs. Gene Barclay of Amarillo and Mr. and Mrs. Ray Barclay of Wildorado were guests Sunday in the Roger Dugan home.

## Investigate the Facts About the New JOHN DEERE Credit PLAN

IT'S the thrifty way to ownership... that's what our customers say about the John Deere Credit Plan. It will pay you to get all the facts because this broad plan offers credit tailor-made to your particular requirements. Here are just a few details:

- You can finance new or used equipment purchases.
- Down payments are as low as 30%, cash or trade-in.
- Balance in convenient monthly payments extending as long as 36 months.
- Seasonal payments—as long as 3 crop years.
- Property and life insurance, optional.

Come in this week and get the complete story about the John Deere Credit Plan, the plan that will make ownership of modern John Deere Farm Equipment easier for you.
